

## SECTION C12, WATERSHEDS

---

### C-12.0 WATERSHEDS

#### C-12.1 Introduction

There are six distinct watersheds within the San Diego Regional Board Area which are identified below.

<b>Region</b>	<b>Watershed Planning Area</b>	<b>Major Watercourses</b>
<b>Region 9 San Diego</b>	Laguna Coastal Streams	Laguna Canyon Creek
	Aliso Creek	Aliso Creek
	Dana Point Coastal Streams	Salt Creek
	San Juan Creek	San Juan Creek, Oso Creek, Trabuco Creek, Bell Canyon, Verdugo Canyon
	San Clemente Coastal Streams	Prima Deshecha, Segunda Deshecha
	San Mateo Creek	San Mateo Creek

The 2004-05 reporting period marked the second year of implementation of the DAMP/Watershed Chapters. Progress on the Permittees' efforts to implement a watershed-based approach to water quality protection and planning are reported in **Exhibits 12-17**.
