## Dana Point Harbor Maintenance Dredging Project Update

- Dredging of the shoal inside the Harbor should resume Friday or Saturday and will continue through early April
- Dredging hours will be 7:00 AM to 7:00 PM
- A submerged pipeline runs from the dredge equipment inside the Harbor to deliver sand to Capistrano Beach
- Boaters are advise to avoid the pipeline and give the dredging equipment a wide berth
- The route of the submerged pipeline is identified by small orange buoys

The diagram below indicates the approximate route of the submerged pipeline
