Online Trainings

For these trainings visit our [Online Training page](http://www.ochca.com/phs/about/family/chdp/training) at <http://www.ochca.com/phs/about/family/chdp/training>

CHDP Provider Orientation:

Learn about the CHDP Program. All new providers must complete this training in its entirety as part of the certification process. Completion does not confer certification or approval.

Fluoride Varnish Training:

Learn how to implement fluoride varnish in your office.

Vision Overview for Clinicians:

Presentation is targeted to providers to implement the updated vision screening guidelines.

Vision Screening Hybrid Training:

Online presentation must be completed **prior** to signing up for the in-person proctored session. Contact us to schedule a proctored session.

Weigh, Measure and BMI Training:

Learn to accurately weigh and measure infants, children and youth and calculate BMI percentile.

CHDP class size is limited. Contact Sandra Guillen at saguillen@ochca.com or (714) 567-6224 to sign up and assure a seat. Location at our 17th Street, Santa Ana building will be provided upon confirmation.
