

EL NIÑO RAINFALL

WHAT TO DO

BEFORE THE RAIN: **PREPARE**

Sign up with AlertOC

www.alertoc.com

to receive up-to-date
emergency notifications

Clean all drains, rain gutters, and dispose of trash

Know how to turn off utilities

Check emergency kit

Know the weather forecasts and patterns

Inspect roof for damage and make repairs

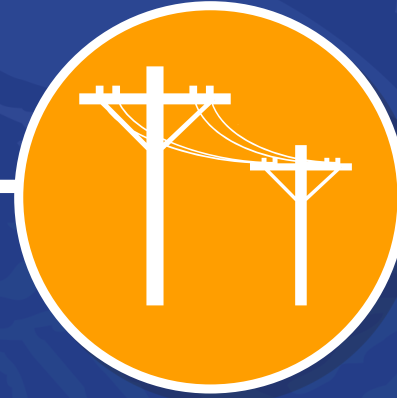

Know your access routes in your neighborhood

DURING THE RAIN: ACT

DO

Monitor local radio stations for information

Keep away from downed power lines

Avoid any unnecessary trips during storms

DON'T

Do not drive through a flooded area in your car

Do not walk through a flooded area

Do not go near any flood control channels or riverbeds

AFTER THE RAIN: RECOVER

Check your home for structural damage before entering your home following a flood.

Remove wet contents such as furniture and bedding immediately from your home within 24 to 48 hours to avoid the development of mold.

**BE EQUIPPED AND PREPARED FOR ALL THINGS EL NIÑO.
