Public Meeting on March 31 for Dana Point Harbor Revitalization Request for Qualifications

On Wednesday, March 16, the County of Orange issued a formal request for real estate development companies or teams to respond with a Statement of Qualifications detailing their ability and interest in forming a Public-Private Partnership – known as a P3 – to revitalize Dana Point Harbor.

The P3 partnership envisions a master ground lease between the County and a private partner, whereby the private partner would design, permit, fund, construct, renovate and operate certain improvements within the Harbor.

You are invited to a public meeting on Thursday, March 31, conducted by OC Dana Point Harbor to learn more about the Request for Qualifications process, the role of the developer in the P3 partnership, and anticipated plans for the Harbor's revitalization.

Where: OC Sailing and Events Center
34451 Ensenada Place
Dana Point, CA 92629

When: 6:00 PM
Thursday, March 31, 2016
