## BAY WATER CLOSURE

**(Santa Ana) –**

The County of Orange Health Care Agency, Environmental Health, has closed the bay water area in the City of Newport Beach from 43<sup>rd</sup> Street to the projection of Via Genoa on Lido Isle due to a sewage spill. The spill of approximately 10,000 gallons was caused by a line blockage in the Orange County Sanitation District sewer collection system.

The affected bay water area will remain closed to ocean water-contact sports until the results of follow-up water quality monitoring meet acceptable standards.

For information regarding Orange County ocean, bay or harbor postings and closures, please call (714) 433-6400 or visit our Web site at [ocbeachinfo.com](http://ocbeachinfo.com). To report a sewage spill, please call (714) 433-6419.
