### **ORANGE COUNTY CLERK-RECORDER TO ROLL OUT O.C. WEDDINGS MOBILE APP**

Orange County Clerk-Recorder Hugh Nguyen will be rolling out his department's new O.C. Weddings mobile app. The mobile app will allow customers to both complete a marriage license application and to set an appointment for a civil marriage ceremony, all from the convenience of their mobile devices. A ribbon cutting ceremony to inaugurate this innovative mobile app is scheduled for January 18, 2018 at the Old County Courthouse in Santa Ana at 11:00 a.m.

This mobile app is believed to be the first of its kind for any Clerk-Recorder Department in the State. The mobile app will be available on both Android and Apple platforms beginning January 18, 2018. OC Weddings app will make it easier and more convenient for customers to complete their marriage license application and to set up an appointment by offering a user-friendly interface and allowing customers to complete their application before visiting any of our locations. Customers can apply for a marriage license whenever and from wherever they want. All customers need is a mobile device and a cellular or Wi-Fi signal, this will allow customers to begin and complete the process from literally anywhere in the world.

***“This is all about making it convenient for our customers through the use of the latest technologies,” Clerk-Recorder Hugh Nguyen said. “A customer can literally complete their application on their way to our office and we would be ready for them by the time they arrive – that is great customer service.”***

The department will still offer public terminals at all of its locations for those who choose to complete their application in house. For customers' convenience and to reduce wait times, it is recommended that customers complete their application using the new OC Weddings mobile app once it is available to the public.

To learn more about the services offered at the Clerk-Recorder Department or to find out where our convenient office locations are, please visit us online at [OCRecorder.com](http://OCRecorder.com)
