

Capistrano Beach Emergency Repairs

Project Summary

OC Public Works will make emergency repairs along an erosion-damaged stretch of Capistrano Beach. During recent, heavy rains, the Capistrano Beach parking lot and surrounding infrastructure was damaged. Crews will demolish and remove material from the storm damaged area and place sandcubes and sandbags at the beach slope to mitigate further erosion. OC Public Works will complete these erosion mitigation efforts on behalf of OC Parks.

WHAT

The area of Capistrano Beach near the project area is currently closed for public use and will remain closed until the project is completed. See the map below for details.

WHEN

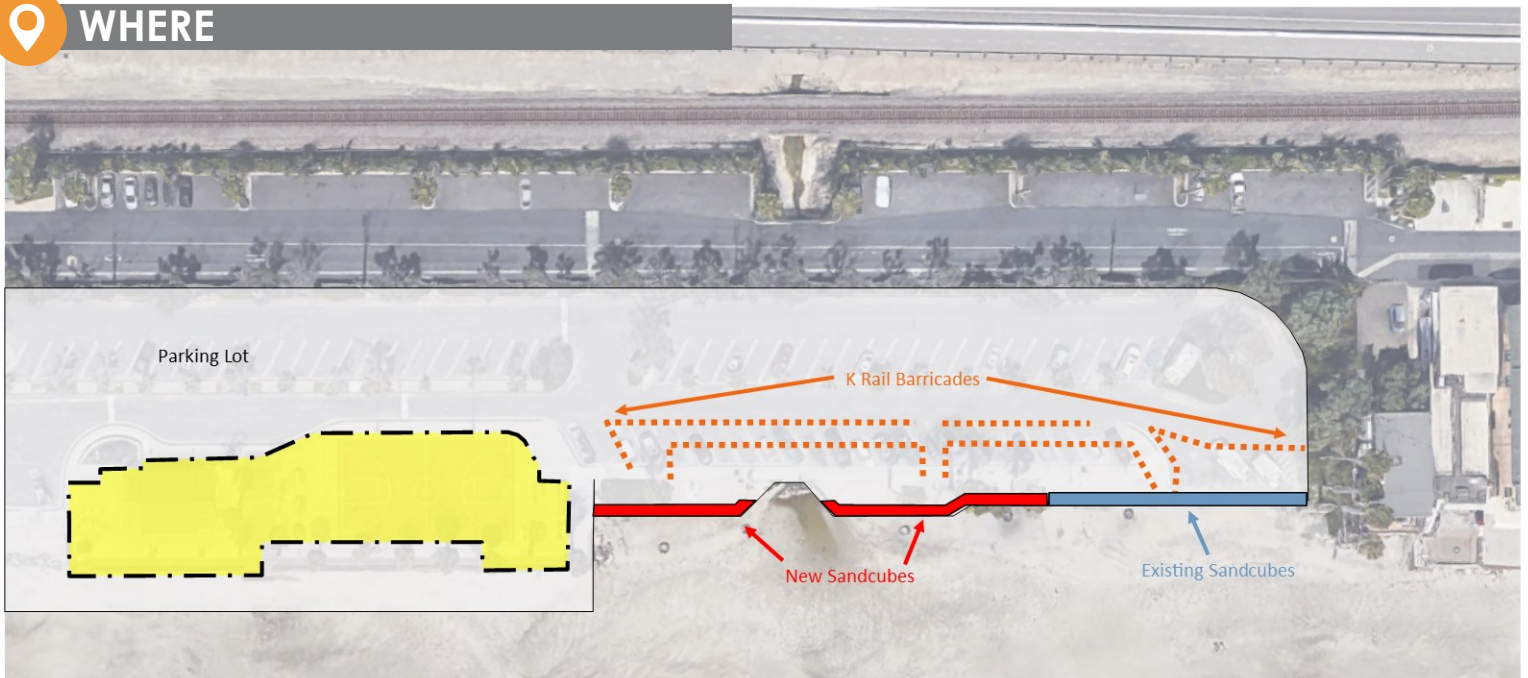

Anticipated Construction Duration

February — April 2019

Working Hours | Monday—Friday | 7 am — 4 pm

The construction schedule is tentative and subject to change due to weather and other factors.
