

Brea Creek Channel Rehabilitation Project

Project Summary

OC Public Works will complete a routine rehabilitation project along the Brea Creek Channel in the Cities of Buena Park and Fullerton. The project includes cleaning weepholes, grading service roads, repairing concrete, removing and replacing isolated sections of concrete lining, removing excess silt, repairing and installing earthen slope, installing drain inlets, trimming and removing overgrown vegetation and trees, and repairing and installing fencing.

WHAT

All work will take place within the County's flood control channel right-of-way. Residents who live within close proximity to the project area may experience typical construction noise and dust during working hours.

WHEN

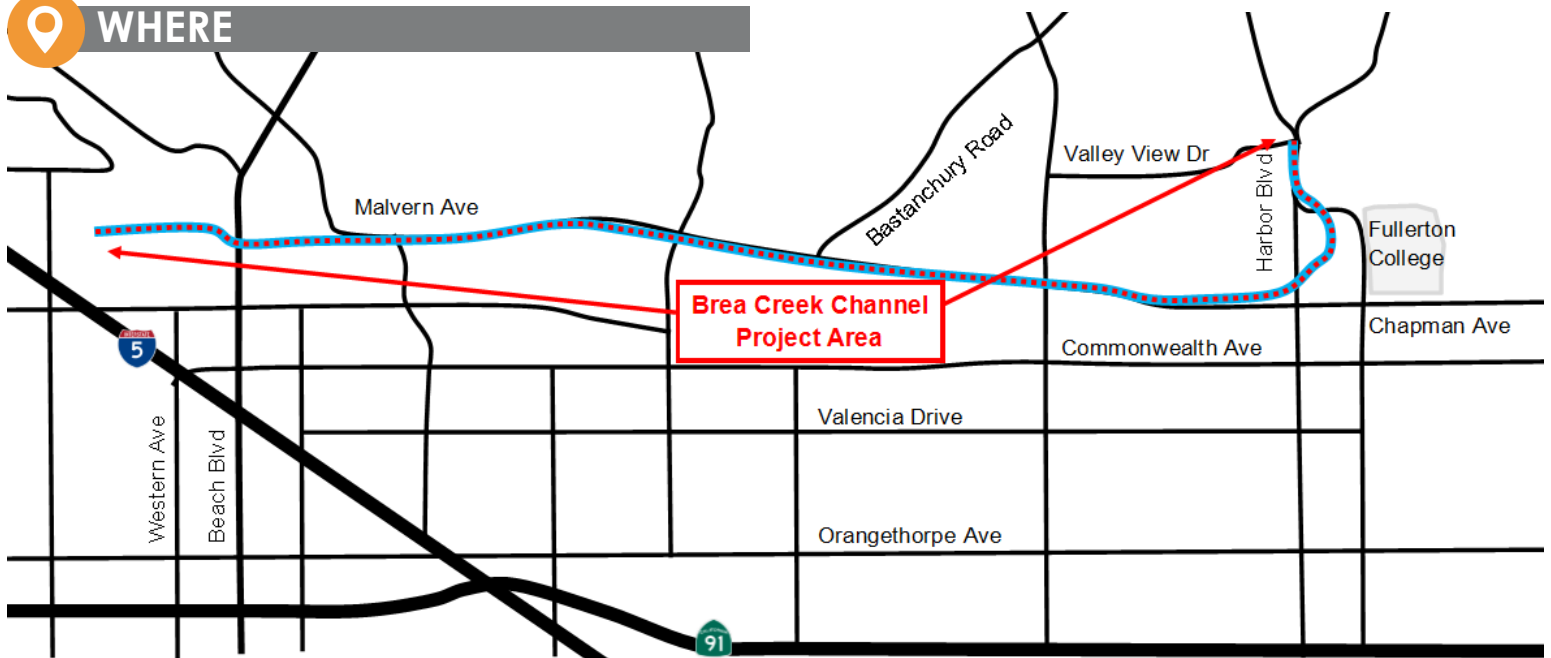

Anticipated Construction Duration

Mid April 2019 — Late June 2019

Working Hours | Monday—Friday | 7 am — 4 pm

The construction schedule is tentative and subject to change due to weather and other factors.
