

Community Meeting

OC Public Works

Join OC Public Works for a community meeting to learn more about the proposed project to enhance bikeway opportunities in your area. OC Public Works staff will present an alternative bikeway alignment outside of Peters Canyon Regional Park, which includes a Class 1 segment along the west side of Jamboree Road and a buffered Class II segment along Pioneer Road. The extension project will provide connectivity to the area's existing bikeway network.

County of Orange staff will present project information and be available to answer questions.
