

## Collins Flood Control Channel Repair Project

### Project Summary

OC Public Works will complete routine repairs within the Collins Flood Control Channel, located in the City of Orange. Businesses located within close proximity to the project area may experience an increase in noise and dust during regular working hours. Motorists may experience minor delays, as local streets will be used as hauling routes for materials and equipment.

#### **WHAT**

Work activity will consist of repairing fencing, cleaning drains, repairing concrete, removing silt and other debris, replacing riprap, repairing the channel's slope, regrading the adjacent service road and implementing sediment controls.

#### **WHEN**

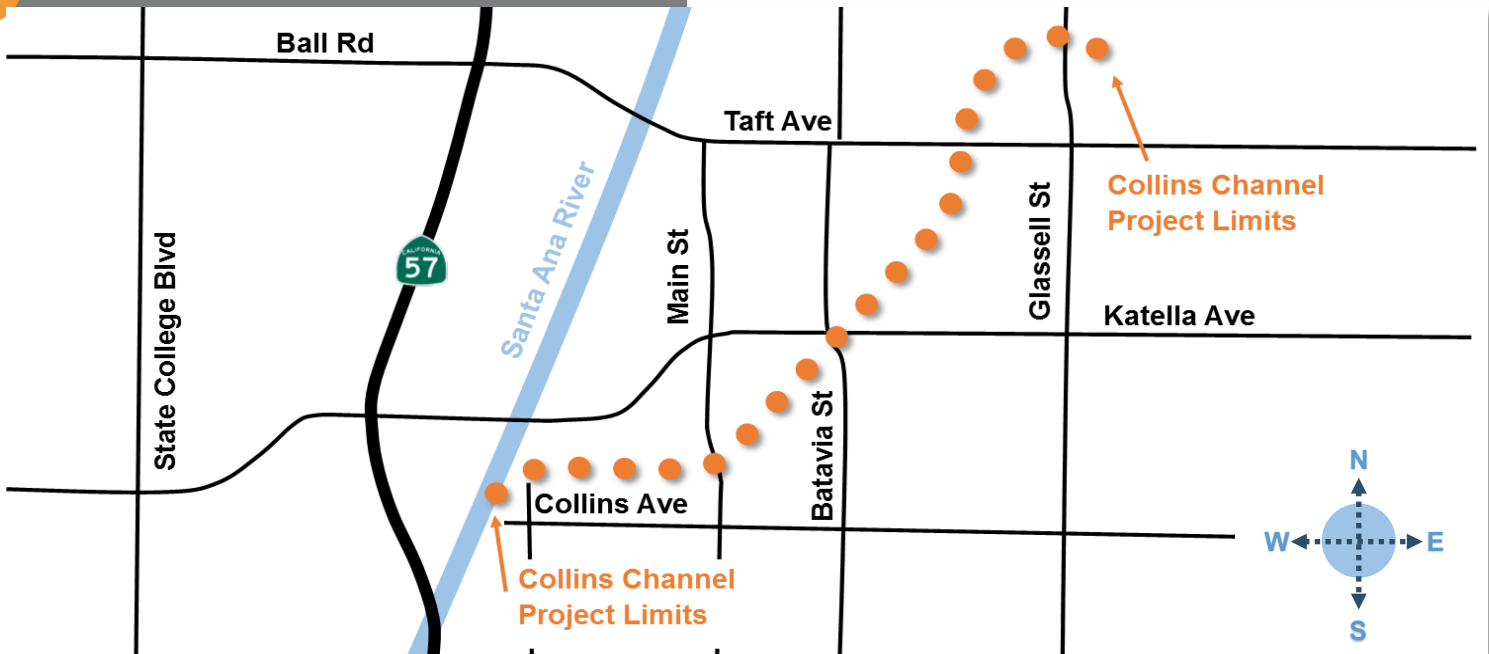

##### Anticipated Construction Duration

June 17, 2019 — October 2019

**Working Hours** | Monday—Friday | 7 am — 5 pm

*The construction schedule is tentative and subject to change due to weather and other factors.*
